FOR DESIGNERS, ARCHITECTS, BUILDERS & DEVELOPERS

Trade Partner Program

Exclusive benefits, dedicated support, and preferred pricing for qualified design professionals.

WHY PARTNER WITH L'ATELIER PARIS

Designed for professionals who expect more.

Every L'Atelier Paris project is guided from the first conversation through final specification by a team that understands both design intent and technical execution.

Dedicated Design Support

Personal guidance from a Design Manager throughout the project.

Preferred Trade Pricing

7.5% on the qualifying product portion of approved orders.

Technical Coordination

CAD drawings, dimensions, renderings, and project documentation when required.

Unlimited Customization

Ranges, hoods, cabinetry, islands, and complete kitchens developed around the architecture of the home.

WHY L'ATELIER PARIS

French by Design. Made in the USA.

Every range, hood, and kitchen is designed specifically for the architecture of the home it inhabits - never adapted from a standard product.

Fully Bespoke

Built to the dimensions, configuration, materials, and finish required by the project.

Analog Engineering

Purposeful mechanical controls selected for reliability, longevity, and serviceability.

Complete Kitchens

Custom ranges, hoods, stainless or wood cabinetry, islands, and full kitchen compositions.

10-Year Warranty

Long-term support backed by domestic parts inventory and nationwide service capability.
